

Death in America

L.A. Guns

Who shot the President
Who pulled the plug
Our truth and justice
Swept under the rug
Just like a time bomb
Gonna explode
A new reality
Watch it corrode

Just another
Death in America

Another incident
Media lies
Our killers walk the streets
Where time alibis
So much you're taught
Who says
Crime doesn't pay
Who runs the syndicate
Who's in the shade

Just another
Just another
Just another
Just another
Death in America

I shot the President
I pulled the plug
Our truth and justice
Under the rug
I'm like a time bomb
Gonna explode
A new reality
Watch it corrode

Just another
Just another
Just another
Just another
Death in America
