

Don't Call Me Crazy

L.A. Guns

Does anyone remember Lucy
I used to see her so much more
A candle burns tonight for Lucy
Coz' she ain't coming back for sure
And I remember Lucy
A little girl lost in a greedy world
Oh goodbye Lucy,
You could be the saddest of girls

Don't call me crazy
It makes me sad
Don't call me crazy
You don't want to make me Mad

There's something wrong with Lucy
And no one seems to have a cure
A demon lives inside of Lucy
I think I know for sure
I remember Lucy a little girl lost in a greedy world
Oh goodbye Lucy, you could be the saddest of girls

Don't call me crazy
It makes me sad
Don't call me crazy
You don't want to make me Mad
