

Kill It or Die

L.A. Guns

[?] have lost downtown
I'm awake, I'm held down
[?] don't lie
Can't escape the camera eye
Mess that you've become, bang bang
Whatcha gonna give, no thanks
Pick it all up, take your [?] away
I don't got time for the games you're playing now

Feel like I'm eight feet tall
Got the power, I'll wreck 'em over, yeah
Explode like a panic [?], fight till you last [?]
Get it outside
You'll never take me down alive

Kill it or die
Kill it

Get your calls [?] low down
I'll be coming back renown
You've be working 9 to 9
I'll be going all the time
Later I'm lost today
If you have, it's fine, you're doing great
Too far gone to [?]
I got a little bit of lip too late

Now I feel like I'm eight feet tall
Got the power of a wrecking ball
Explode like a panic [?], fight till you last [?]
Get it outside
You'll never take me down alive

Kill it or die
Kill it

Baby you're gonna get what you [?]
Yeah, rock now

Kill it or die
Kill it or die
