

The Devil Made Me Do It

L.A. Guns

The demons are calling, I try to repent them giving
The reckoning, darling, the danger is too alarming
I feel the possession, I say to all my obsessions
Evil takes over, come on [?]

I give in, I fall for the seduction
I give in, give up to the temptation

Lord, have mercy, the Devil made me do it
I can't help it no matter how I try
I'm so tired and twisted, you know I can't resist it
Lord, have mercy, the Devil made me do it

The Devil makes me do it
The Devil makes me do it, do it

The sins are forbidden, the groups I fought as your villain
The voices are haunting, the deeper in I keep falling
My conscious is trashing, it's burning into the ashes
I'm on the assassin, and I'll be the last one laughing

I give in, I fall for the seduction
I give in, give up to the temptation

Lord, have mercy, the Devil made me do it
I can't help it no matter how I try
I'm so tired and twisted, you know I can't resist it
Lord, have mercy, the Devil made me do it

(Oh) The Devil makes me do it
(Oh) The Devil made me do it
(Oh) The Devil makes me do it, do it
(Oh) The Devil made me do it

Lord, have mercy, the Devil made me do it
I can't help it no matter how I try
I'm so tired and twisted, you know I can't resist it
Lord, have mercy, the Devil made me do it

The Devil makes me do it, do it
The Devil makes me do it
The Devil makes me do it
The Devil made me do it
