

# Sundown

Labrinth

Everyday she wanna bite my pillow  
Everyday she wants to sweat on window  
Can't keep her up, can't keep her down  
Everyday she saying rude boy, come around  
Everyday she wanna fuck till sundown  
Can't keep her up, can't keep her down  
Don't it always seem to go  
That you don't know what you've got  
Till it's gone  
Every man's dream, five foot three  
She ready to go and never  
Don't it always seem to go  
That you don't know what you've got  
Till it's gone  
But baby I'm dry and for the temper time I might

She ain't a cold killer, nothing like a pole swinger  
But she got a beast in her  
Comes out every single time!  
So I put my hands up, I ain't man enough  
See, it's just a way she likes to fuck,  
She ain't eco friendly no,  
She never turns the light off!

Everyday she wanna bite my pillow  
Everyday she wants to sweat on window  
Can't keep her up, can't keep her down  
Everyday she saying rude boy, come around  
Everyday she wanna fuck till sundown  
Can't keep her up, can't keep her down  
Don't it always seem to go  
That you don't know what you've got  
Till it's gone  
Every man's dream, five foot three  
She ready to go and never  
Don't it always seem to go  
That you don't know what you've got  
Till it's gone  
But baby I'm dry and for the temper time I might

Come on, lady! I can keep up if you're always with me  
Down, down, down on my knees till I bleed and you still ain't got  
I know for sure I got to leave her,  
Cause if I don't you'll be the death of me  
But stay only, I know I need her,  
She might as well get back on top of me

Cause I love you, baby!  
You know that it, it happens every single time  
And I might never love again, oh, oh, oh  
You know that it, it happens every single time  
So go and break my heart again!  
No what did you do to me?  
What did you do to me?  
What did you do to me?  
What did you do, baby?  
You know that it, it happens every single time

So go and break my heart again, oh, oh, oh!
