

Where the Wild Things

Labrinth

We lived that Vegas life
With a face like Krueger and Jason
We made some friends that night
There was rum, red wine, there was Jameson's
Taking no prisoners, right
Yeah, we own the sky like spaceships

We float on air
So high off the ground
We float on air

Hey, don't you know
Ooh-ooh, ooh-ooh
Oh, yes it's gonna happen tonight
Hey, don't you know
Ooh-ooh, ooh-ooh
Cinderella's turnin' up with Snow White

It's where the wild things are
It's where the wild things are
It's where my heart's gon' start
It's where the wild things are
Put your fucking glasses up

Animals, animals
Put your fucking glasses up

Look ma, I'm flying out
With the young, the rich, and the reckless
She took my hand and she led me down
To the powder room in the necklace
Can't bring us back to earth
'Cause her poison's got us in heaven

We float on air
Don't fuck with my high
I float on air

Hey, don't you know
Ooh-ooh, ooh-ooh
Oh, yes it's gonna happen tonight
Hey, don't you know
Ooh-ooh, ooh-ooh
Cinderella's turnin' up with Snow White

It's where the wild things are
It's where the wild things are
It's where my heart's gon' start
It's where the wild things are
Put your fucking glasses up

Animals, animals
Put your fucking glasses up

Anglos
Negroes

Put your fucking glasses up
