

Doomed And Unarmed

Lacrimas Profundere

How can I make you believe
How do I know if you'll stay
I still keep you locked in my head
But it breaks me
What can I do
What can I do
You're all that I want and I'm longing for you

Lay down your arms girl
Oh this is what I'll make you do
Don't rip me apart girl
Who would I'd be without you
Lay down your arms girl
'Cause killing me is killing you
Open your heart girl
It's exactly what you should do

Think how you want me to be
I don't care as long as you're near
You don't have to say what you did
It will kill me
What can I do?
What can I do?
You're all that I want and I'm longing for you
