

Boots

Lady A

Have some scratches and some holes from rusty nails
Have some dirt and dust from all those broken trails
But you shine 'em up brand new
Girl, like only you could do
Somehow you put this runaway train back on the rails

Yeah, these boots, never walkin' out on you
They ain't got no more running left to do
Whoa, here I am
Whoa, forever your man
These boots, never walkin', walkin' out on you

Oh, oh, oh

It's a miracle they found their way to your door
It's like they forgot all the places they been before, oh
Took awhile to find their place
Girl, you know they're here to stay

Yeah, these boots, never walkin' out on you
They ain't got no more running left to do
Whoa, here I am
Whoa, forever your man
Girl, these boots, never walkin', walkin' out on you, oh

These boots are never walkin' (No, not this time)
These boots are never walkin' (No, not this time)
These boots are never walkin' out on you

Oh, these boots, never walkin' out on you
Girl, they ain't got no more running left to do
Whoa, here I am
Whoa, forever your man
Girl, these boots, never walkin', walkin' out on you

Oh, never walkin', baby
