

# What I'm Leaving For

Lady A

Keep those lights on  
Toys on the front lawn  
Disneyworld trip next summer  
Used kit for our little air-drummer  
Food on the table  
Brand new cradle  
For the angel that's coming in a minute  
This house and everybody in it

Got my bags packed, got my ticket  
Got a heartache to go with it  
Baby, kiss me, say you'll miss me  
But while we still got time

Take a look at our little paradise  
It ain't much but baby, you and I  
Picked the right stars, made the right wish  
Ain't nothing out there like this  
And it kills me that I gotta go  
Couldn't do it if I didn't know  
That every time I'm walking out that door  
You know what I'm leaving for

When I'm out there  
I know I'm where  
I'm meant to be picking them strings  
And getting that small town to sing  
On that last turn home  
I can hardly wait  
To drop my bags, kiss your face  
'Cause all I can do is stop

And take a look at our little paradise  
It ain't much but baby, you and I  
Picked the right stars, made the right wish  
Ain't nothing out there like this  
And it kills me that I gotta go  
Couldn't do it if I didn't know  
That every time I'm walking out that door  
You know what I'm leaving for

Oh, got my bags packed, got my ticket  
Got a heartache to go with it  
Baby, kiss me, say you'll miss me  
While we still got time

Take a look at our little paradise  
It ain't much but baby, you and I  
Picked the right stars, made the right wish  
Ooh, ain't nothing out there like this  
And it kills me that I gotta go  
Couldn't do it if I didn't know  
You know that this heart of mine is yours  
(You know that this heart is yours)  
Oh, and every time I'm walking out that door  
You know what I'm leaving for
