

Darryl
I'm over the barrel for you
You are my pharaoh
I wanna be Cleopatra too
A little sparrow
Told me that you have been untrue
And now I'm fed up
And I look terrible thanks to you

I change myself every day
Watch what I say
I play it, darlin' treat me like
Little Frosted Flakes
But goddamn, said
Couldn't you
Couldn't you just this once
Try treatin' me fair

Oh Darryl
I'm over the barrel for you
You are my pharaoh
I wanna be Cleopatra too
A little sparrow
Told me that you have been untrue
And now I'm fed up
And I look terrible thanks to you

Look what you turned me into
A jealous shrew, I flew
Three thousand miles just to find
She had the same name too
Now what a shit thing to do
Couldn't you, couldn't you
Have found a Jane or Carol

I wasn't crazy 'fore I met ya
And I'll be fine once I let you go
And rest assured that I will
But certainly not until
I'm done playin' with my kill

I honestly can't play [?]
Dirty game, no shame
I'm hangin' my laundry on the line
How you like your newfound thing
I won't share anything
Wouldn't you, wouldn't you
Wanna go back and try to repair

Oh Darryl
A little sparrow
You are my pharaoh
A little sparrow
And now I'm feral
Darryl
A little sparrow
You are my pharaoh

A little sparrow
And now I'm feral

Darryl
A little sparrow
