Lana Del Rey

(Okay)

Don't have to write me a letter  
'Cause I'll always be right here  
Closer to you than your next breath, my dear

We love every hair on your head  
Love you like God loves you  
And you say that you're scared  
My bae, I'm prepared for having the baby blues

Baby blues  
Baby blues  
If things ever go wrong  
Just know this is your song and we love you

You name your babe Lilac Heaven  
After your iPhone 11  
"Crypto forever" screams your stupid boyfriend  
Fuck you, Kevin

We love every freckle you have  
We love you like God loves you  
If you're ever stressed out, just dance in the night  
If you get those baby blues

Baby blues  
Baby blues  
If things ever go wrong  
Just know this is your song and we love you

Pink slippers all on the floor and  
Woven nets over the door  
It's as close as we'll get to the dream that they had  
In the one night sixties  
And Jason is out in the lawn  
And he powerwashes every time things go wrong  
If you're stressed out just know you can dance to your song  
'Cause we got you

If you get the blues  
Baby blues  
Just know this is your song  
It'll live on and on way past me and you  
If you get the blues  
Baby blues  
You've got us, we've got you  
So there's nothing to lose, and we love you

So don't write me a letter  
I'll always be right here  
Closer to you than your next breath, my dear
