

# Wild at Heart

Lana Del Rey

What would you do if I told you, you make me crazy  
To see your pretty pics on Sunset Boulevard?  
And it makes me lazy, so I smoke cigarettes  
Just to understand the smog

I love you lots like polka-dots  
You're killing me more  
Than coffee pots and Insta dots  
With every drop I pour  
And if I had to do it all  
Again I would because, babe, in the end  
It brought me here to you

I left Calabasas, escaped all the ashes  
Ran into the dark  
And it made me wild, wild, wild at heart  
The cameras have flashes, they cause the car crashes  
But I'm not a star  
If you love me, you'll love me  
'Cause I'm wild, wild at heart  
If they love me, they'll love me  
'Cause I'm wild, wild at heart

What would you do if I wouldn't sing for them no more?  
Like if you heard I was out in the bars drinking jack and coke  
Goin' crazy for anyone who would listen to my stories, babe?  
Time after time, I think about leaving  
But you know that I never do, just 'cause you keep me believing

I love you lots, despite the odds  
You're killing me, Joe  
And all these thoughts brought us apart  
And that's okay, too  
'Cause even in the worst of times  
You saw the best of me  
And that's why I stay here with you

I left Calabasas, escaped all the ashes  
Ran into the dark  
And it made me wild, wild, wild at heart  
The cameras have flashes, they cause the car crashes  
But I'm not a star  
If you love me, you'll love me  
'Cause I'm wild, wild at heart  
If you love me, you'll love me  
'Cause I'm wild, wild at heart

'Cause, baby, I'm wild at heart  
If you love me, you'll love me  
'Cause I'm wild at heart  
Baby, I'm wild, wild at heart  
If they love me, they'll love me  
'Cause I'm wild, wild at heart  
If they love me, they'll love me  
'Cause I'm wild, wild at heart
