

Andy

Last Dinosaurs

Everyday I try to workout, how to,
In anyway clear my thoughts and doubts
Hey there Andy what's this all about
He says, aim and shoot it that's all there is to it

In my senior years the world was in my hands
You'll find sometimes things don't go to plan
We found music cause somewhere in our heads
Something went wrong this is where we belong

Meet me on the surface of Jupiter
We don't need a reason we'll just make it up
Bring a pen and paper and some time to think
document our voyage till you're out of ink

You don't really have to change, change for me
Nothing ever is the same without me
You don't really have to change, change for me

This is where we belong (7x)

You don't really have to change, change for me
Nothing ever is the same without me
You don't really have to change, change for me
Nothing ever is the same without me
