

# Honest With You

Laura Marano

Hide behind walls you could visit  
That's just my defense mechanism  
You won't ever hear what I'm thinking  
But I might change my mind in a minute

Sitting on the pavement  
Small talk's easy when you're wasted  
What's my hesitation though? (oh, oh, oh)

Drinking Cabernet  
But that's not really why I'm wasted  
I just have to say this oh (oh, oh, oh)

Can I be honest  
Or am I not allowed?  
Can I be honest?  
I really want you right now  
People lie sometimes it's true  
Baby why would I like to you  
Can I be honest?  
I just wanna be honest with you, right now

If it comes out wrong, you'll know how to spin it  
Once I start, you know I'm committed  
Baby don't stop before I finish  
I might take up more than a minute

Sitting on the pavement  
Small talk's easy when you're wasted  
What's my hesitation though? (oh, oh, oh)

Can I be honest  
Or am I not allowed? (loud)  
Can I be honest?  
I really want you right now (now)  
People lie sometimes it's true  
Baby why would I lie to you  
Can I be honest?  
I just wanna be honest with you right now

I just want, I just want, I just wanna be honest, yeah  
I just want, I just want, I just wanna be honest, honest  
I just want, I just want, I just wanna be honest, yeah  
I just want, I just want, I just wanna be honest, honest

Can I be honest  
Or am I not allowed?  
Can I be honest?  
I really want you right now (I want you right now)  
People lie sometimes it's true  
Baby why would I like to you?  
Can I be honest?  
I just wanna be honest with you right now

I just want, I just want, I just wanna be honest, yeah  
I just want, I just want, I just wanna be honest, honest (honest, be honest  
yeah)

I just want, I just want, I just wanna be honest, yeah  
I just want, I just want, I just wanna be honest, honest (honest with you)
