

# Tangerine

Laura Veirs

Tangerine you're ripe on the tree  
And then you fall  
But don't we all  
My sweet tangerine

And I don't want to be there  
When you fall  
And do we have  
Just this one chance that's all

Tangerine my favorite color  
Next to green  
Beautiful scene  
So fleeting it seems

And I don't want to be there  
When you fall  
And do we have  
Just this one chance that's all

Tangerine falling  
Out of the sky  
Tangerine calling  
"Why?"

Tangerine so luscious sweet  
In a world so mean  
When you go you'll  
Be everything but green

And I don't want to be there  
When you fall  
And do we have  
Just this one chance that's all
