

Getaway Car

Lea Michele

Two kids with curious hearts
Not afraid to break
Running wild, running too far
Trying to find a way

Rubbing pennies together,
For worse or for better
One glass of cheap champagne
It's now or it's never,
We hope it's forever
All we got's one way, leaving fingerprints behind

'Cause if I got you, if you got me
We don't need nothing else at all
Sleeping all day, driving all night
Looking for a place we wanna go
We stole the night, now this world is ours, love
Just us kids in a getaway car

We'll change our names,
Make friends in new places
Be anyone we'd want
'Cause through the days and millions of faces
We're always holding on

Rubbing pennies together,
For worse or for better
One glass of cheap champagne
It's now or it's never,
We hope it's forever
We ran away, leaving fingerprints behind

'Cause if I got you, if you got me
We don't need nothing else at all
Sleeping all day, driving all night
Looking for a place to call our home
We stole the night, now this world is ours, love
We're chasing love in a getaway car

And we're singing
Hey-ey-ey-ey
Maybe I'm crazy, maybe you're crazy
Hey-ey-ey-ey
But, babe, if we're crazy, I'd rather be crazy

We don't need anything at all
We'll find a place to call our own

Rubbing pennies together,
For worse or for better
One glass of cheap champagne
It's all or it's never,
We hope it's forever,
My love

If I got you, if you got me
We don't need anything else at all

Sleeping all day, driving all night
Looking for a place to call our own
Stole the night, now this world is ours, love
It's just us kids in a getaway car

Two kids with curious hearts
Not afraid to break
