

Autumn Leaves

Ledisi

Oohhhh...

Ohhhh....

Yeah...

The autumn leaves drift by my window
The autumn leaves are red and gold
I see your lips, those summer kisses yeah
Those sunburned hands, I used to hold

Oh baby since you went away
The days grow old and long
And soon I'll hear old winter's song yes
But I miss you most of all my, darling
Cause when the autumn leaves they start to fall

When the autumn leaves they start to fall down
When the autumn leaves they start to fall down
When the autumn leaves they start to fall down, yeah
When they fall...down, down, down

When they fall oohhhh yeah
When they fall oohhhh yeah, yeah, yeah, yeah, yeah
When they fall down ohhhh oh yeah, yeah

Mhmm

I'm missing you
I need you now
I'm missing you baby
Woah, woah
Noo, nooo

I'm missing you
I need you now
I'm missing you
I need you
I'm missing you baby

Missing you now
Needing you now, now, now...

When the autumn leaves.....
When the autumn leaves.....start to fall
When the autumn leaves they start to fall....
Down.....
