

# Can't Help Who You Love

Ledisi

Everyone has there own vision of love  
At the end the heart controls where you end up  
Without you I feel incomplete, I lose days  
They say your not good for me, who cares what they say

Can't help it... who you love  
Can't help who you fall in love with  
You can't help who you love  
Hearts just got a brain of it's own ohhh

You can't help who you love  
You can't know whose at fault  
The heart lives in a world of it's own no control  
You can't help who you love

At first we'd pretend  
Then we'd try to hide  
Love is open  
Love doesn't lie  
Around you life is magical, I feel so alive  
They say unacceptable, they don't know you and I

Can't help it... who you love  
Can't help who you fall in love with  
You can't help who you love  
Hearts just got a brain of it's own ohhh

You can't help who you love  
You can't know whose at fault  
The heart lives in a world of it's own no control  
You can't help who you love

Why do we care about what everybody else says  
It's about what's in your heart, use your own head  
You want a love that will last till the end of time  
You got to go with what you're feeling  
Don't deny the gift your given  
Your life is yours  
Your life is love  
Your life defined

Can't help it... who you love  
Can't help who you fall in love with  
You can't help who you love  
Hearts just got a brain of it's own ohhh

You can't help who you love  
You can't know whose at fault  
The heart lives in a world of it's own no control  
You can't help who you love
