

## If You Go

Ledisi

If you go  
Can you touch the sky for me?  
Can you tell me what it's like to see,  
Shiny smooth like melodies?

And If you go  
Can you send a ray of light?  
To tell me that you're alright,  
And will you still kiss me goodnight?

I'll miss you as the days come and go.  
Oh how I loved you so.  
Will we ever meet again?  
Is this the end?

And if we meet again  
As the sun shall shine my friend  
And this every thing called time and,  
Will you still be mine?  
I never want you to go.  
Oooohhhh
