

# One

Ledisi

Found the way back to love  
A broken shell  
A pearl within  
You went through hell  
But you're still here  
You're still here  
You took a chance on life  
And threw it all  
You sit by eyes open wide  
And you're still here  
You're still here

No matter what, you go back to one  
Back to the beginning  
One  
Love will bring you to one  
One is the reason for life to be what it is and we'll be  
One  
Back to the beginning  
One  
One who make you the one  
One is the reason for life to be what it is and we'll be

You own a world divine that's colorblind  
But it's still a dream and we're in-between  
The past and the future  
Down here the truth is great  
The one he rules the day  
But on judgement day what will they say  
About you  
What did you do and didn't do

No matter what, it goes back to one  
Back to the beginning  
One  
Love will bring you to one  
One is the reason for life to be what it is and we'll be  
One  
Back to the beginning  
One  
One who make you the one  
One is the reason for life to be what it is and we'll be

This could have been another love song  
But this is the message that came to me  
Can't keep pretending that there's nothing wrong  
Before you judge look at yourself  
There's always someone you can help  
Get back to one

One  
Back to the beginning  
One  
Love will bring you to one  
One is the reason for life to be what it is and we'll be  
One  
Back to the beginning

One  
One who make you the one  
One is the reason for life to be what it is and we'll be

Love is the thing that will last forever  
Love is the one thing that holds life together  
Love is the thing that will last forever yeah  
Love is the thing that will last forever  
Love is the one thing that holds life together  
Love is the thing that will last forever yeah

Life to be what it is and we'll be  
One  
Back to the beginning  
One  
Back to the beginning  
One  
We all go back to the beginning  
One  
Back to the beginning  
One  
Love will bring you to one  
Back to the beginning  
Life won't be what it is and we'll be  
Don't control it  
You don't control it  
You don't control it  
Life won't be what it is and we'll be
