

# Runnin'

Ledisi

Only think about the good things  
Keep your faith, stay strong  
Move forward even if it's wrong  
Stay forward, stay forward

I confess I'm a mess  
And I'm tryin' to catch up to life  
The clock keeps tickin' away  
And I'm losing myself everyday  
All in the name of the life

Anybody hearing me  
Can't nobody feel me  
It just me all by myself  
Ain't nowhere to run to  
But I keep runnin'  
(Runnin', runnin', runnin')  
Runnin', runnin', I keep  
(Runnin', runnin', runnin')

Hands down  
I wanna gonna give up  
'Cause who gives a fuck  
'Cause nothing that I do is right

What happens to the light  
In the day when the sun felt good  
Makin' me wanna win  
In the game of life

I know I got love in me  
But there's no more trust in me  
I just want to be by myself  
Just wanna be by myself so

I just keep  
(Runnin', runnin', runnin')  
Runnin', runnin', runnin'

I keep runnin', runnin', runnin',  
Runnin', runnin', runnin'...
