

Safe

Lee DeWyze

I told you that I could sit still for awhile
But now I shake my rattle just like a child
You tried to make me feel safe, uh huh
I guess to me it's the same, uh huh

Your hands are shaking and you're falling apart (uh huh)
I hear a sound: the faintest beat of our heart

You don't look so good maybe you should lie down
I'll leave the doors and windows open for now
Just wanna make you feel safe, uh huh
I know you're leaving this place, uh huh

Your hands are shaking and you're falling apart (uh huh)
I hear a sound: the faintest beat of our heart
I wanna make you feel safe, uh huh
I know you're leaving this place, uh huh

Your hands are shaking and you're falling apart

Your hands are shaking and you're falling apart (uh huh)
I hear a sound: the faintest beat of our heart
I wanna make you feel safe, uh huh
I know you're leaving this place, uh huh (uh huh)

I wanna make you feel safe, uh huh
(I wanna make you feel safe)
I wanna make you feel safe, uh huh
(I wanna make you feel safe)
I wanna make you feel safe, uh huh
(I wanna make you feel safe)
