

Planet Country

Lee Kernaghan

Out here on the red dirt plane
You reach the end of the table drains
It's Planet Country
The shearing sheds and bending backs
Australian dreams under battered hats
It's Planet Country

A beat up truck, A tin roof shack
A lovin girl and these two hands
Livin, Breathin, workin this hollowed ground
On a spinnin patch of rockin dirt
Centre of my universe
Ohh Ohhh Ohh Oh
Planet Country

County girl in a flat bed truck
Harvesters wippin up a cloud of dust
It's Planet Country
It's 303's and 4x4's
Their all hard wired country boys
It's Planet Country

A beat up truck, A tin roof shack
A lovin girl and these two hands
Livin, Breathin, workin this hollowed ground
On a spinnin patch of rockin dirt
Centre of my universe
Ohh Ohhh Ohh Oh
Planet Country

Hey, It's kickin it up and Crankin it out
Come fire or flood or drought
With my lovin girl, a tin roof shack,
A beat up truck and these two hands
Im livin, breathin, workin this hollowed ground
On a spinnin patch of rockin dirt
Centre of my universe

Ohh ohhh ohh oh
Keep singing it
Ohh ohhh ohh oh
