

# Get Down

Leela James

I got you vibin' this beat, yeah  
I know ya hot from the heat, yeah  
I got your body burnin', sweatin'  
Groovin' to this all night long  
Now don't you try to fight it  
Cause you done got excited  
Ain't nothin' wrong with livin' it up  
When you just can't deny it

Don't worry bout nothin' else but right now  
F\*\*\* all this noise, let's turn this mutha out  
If you feel it in your soul  
Lose yourself on the floor  
Go'on and let it go, go'on and go'on and let it go, ow!

Show me some love y'all, go'on and get down  
Get off the wall, you need to get down  
Oh-oh-oh, tear up the floor, you better get down  
I wanna feel your love  
Do whatchu want, go'on and get down, yeah  
Throw up them hands, you need to get down  
The music won't stop while ya get down  
I wanna see you go off, ah!

Don't worry bout nothin' else but right now  
F\*\*\* all this noise, let's turn this mutha out  
If you feel it in your soul  
Lose yourself on the floor  
Go'on and let it go, go'on and go'on and let it go, ow!

If you feel it in your soul, go ahead and lose control  
If you feel it in your soul just let everybody know  
If you feel it in your soul, go ahead and let it show  
Go'on and let it, let it show, go ahead and let it show

Let it rock and roll and  
Let it take control and  
Let the music take you high, high, higher  
Let it rock and roll and  
Let it take control and  
Let the music take you high, high, higher  
Let it rock and roll and  
Let it take control and  
Let the music take you high, high, higher  
Let it rock and roll and  
Let it take control and  
Let the music take you high, high, higher

Don't worry bout nothin' else but right now  
F\*\*\* all this noise, let's turn this mutha out  
If you feel it in your soul  
Lose yourself on the floor  
Go'on and let it go, go'on and go'on and let it go, ow!
