

Maybe

Lena

Maybe you and I
Maybe you, maybe another
Could be something that you're thinkin' about
Maybe you gonna try,

Maybe you could be a winner
Maybe you can be and that's to know
Maybe you don't cry
For a long forgotten lover

Maybe I think you better stop
Maybe you decide that you go and tell your mother
If you have a lot of tears to drop
I cannot wait any longer

That time is right
To hit the road
And I wonder:
Would you follow me?

CHORUS
Maybe you gonna dance with me,
Maybe yes or maybe not
Maybe, but actually
It doesn't really matter a lot

Sorry don't remember
Oops!
I forgot!

Maybe you don't lie
And whatever you deliever
It just turns your inside out
Well, I can't rely

Couldn't see it any clearer
Could you tell me? - No, I doubt!
Maybe you gonna try
Could be chocolate or banana

Doesn't matter, but I guess you won't
Maybe you deny
That we compliment each other
Maybe I do, maybe you don't

I cannot wait any longer
The time is right to hit the road
And I wonder:
Would you follow me

CHORUS
Maybe you gonna dance with me,
Maybe yes or maybe not
Maybe, but actually
It doesn't really matter a lot

Maybe you take a chance with me

Maybe yes or maybe not
Maybe, but actually
It doesn't really matter a lot

Sorry, don't remember
Oops!
I forgot!

If you ask me I don't know
All the chances that we blow
Yes, we know I dream a lot
All I want is just to be alone

I cannot wait any longer
The time is right to hit the road
And I wonder:
Would you follow me?

CHORUS

Maybe you gonna dance with me,
Maybe yes or maybe not
Maybe, but actually
It doesn't really matter a lot

Maybe you take a chance with me
Maybe yes or maybe not
Maybe, but actually
It doesn't really matter a lot

Sorry, don't remember
Oops!
I forgot!

Sorry, don't remember
Oops!
I forgot!

Sorry, don't remember
Oops!
I forgot!
