

Push Forward

Lena

G **Dm** **Em**
1. It's always the same a window I can't see through

C
dont think I'll ever do

G **Dm** **Em**
it's covered in rain like me as I'm waiting for u

C
not sure I wanted to

Am **Em**
Like horses on a carrousel never win but always keep racing

Am **Em** **D**
standing here got time to kill watching them a little oh they dont know

G **Hm** **D**
R: All that I want is always to push forward

G **Hm** **D**
but since you've been gone I just wanna push rewind

G **Hm** **D**
if yesterday could only be tomorrow

Em **A** **Hm** ---- **D**
whatever I do I always run behind

2. It's always the same I'm staring at the ceiling
dont know where to begin
all that I see just symbols with no meaning
they could mean anything

Like I sit in a hallway my thoughts are always reflecting
bouncing of the walls as if I was in an empty house and I still do
n't know

R: All that I want is always to push forward...

Em **A**
*: If you could see how my world is tumbling down
Em **A**
or how it hurts when you're not around

G **Hm** **D**
R: All that I want is always to push forward
As **Cm** **Es**
all that I want is always to push forward
As **Cm** **Es**
but since you've been gone I just wanna push rewind
As **Cm** **Es**
if yesterday could only be tomorrow
Fm **B** **Cm** ---- **Es**
whatever I do I always run behind
