

Much Too Much

Lennon Stella

Do you really want this?
Be honest, be honest
Do you just wanna call it?
Be honest
Keep looking for a sign that
We got this, we're solid
But maybe we're just getting in the way

(Oh ah) If we wait for the perfect time

What if it's just
Just a little too late?
Just a little too little?
What if I'm just
A little much, too much for ya?
What if we just
Take a little more space
And little by little
It does what it does
Till there's nothing left of us

Tell me I should stay
Tell me that I'm wrong
Maybe if we wait
Then all this will be gone
And what if we're just
Just a little too late?
Just a little too little?
Haven't we got
A little much too much to lose

We're searching for a reason
Too often, too often
To cut these ties and go our separate ways
If five years down the line
We're talking, just talking
Will I still be the one that got away?

(Oh ah) If we wait for the perfect time

What if it's just
Just a little too late
Just a little too little
What if I'm just
A little much too much for ya
What if we just
Take a little more space
And little by little
It does what it does
Till there's nothing left of us

Tell me I should stay
Tell me that I'm wrong
Maybe if we wait
Then all this will be gone
And what if we're just
Just a little too late?

Just a little too little?
Haven't we got
A little much too much to lose

What if it's just
Just a little too late?
Just a little too little?
What if I'm just
A little much, too much for ya?
What if we just
Take a little more space
And little by little
It does what it does
Till there's nothing left of us

Tell me I should stay
Tell me that I'm wrong
Maybe if we wait
Then all this will be gone
And what if we're just
Just a little too late?
Just a little too little?
Haven't we got
A little much too much to lose
