

Save Us

Lennon Stella

It feels like
There's nothing really left to say now
Everything is on the way out
It seems like
There's never really time to slow down
Everything is on the go now

All of things that I said would never get in the way of us
Now it's all rearranging
We're waiting here for something to save us

There's a whole lotta things that we said would never get in the way of us
Now it's all rearranging
We're waiting here for something to save us

Wherever you like
I'll go
Won't leave you alone
Won't leave you alone
It's on your mind
I know
Won't leave you alone
Won't leave you alone

It feels like
There's never any time to waste if
We're too busy trying to chase it
It seems like
Every time we're face to face there's
Never any time to say this

All of things that I said would never get in the way of us
Now it's all rearranging
We're waiting here for something to save us

There's a whole lotta things that we said would never get in the way of us
Now it's all rearranging
We're waiting here for something to save us

Wherever you like
I'll go
Won't leave you alone
Won't leave you alone
It's on your mind
I know
Won't leave you alone
Won't leave you alone

I love you, always forever
Near and far, closer together
Everywhere, I will be with you
Everything, I will do for you
I love you, always forever
Near and far, closer together
Everywhere, I will be with you
Everything, I will do for you
