

# Everything

Lenny Kravitz

The origin of love, the very essence  
The lifeline to my eternal destination  
The sweetness in my soul  
In this valley dark and cold  
Well you blessed this child  
I've got my own to make it

You  
You give me everything  
You give me everything  
Everything that I could ever need  
You give me everything  
You give me everything  
Everything that I could ever need

Sometimes I'm tired and naked  
And I don't think that I got enough to take it  
That's when I grab a hold  
On to that rock of olde  
I say you're always there to fix my situation

You  
You give me everything  
You give me everything  
Everything that I could ever need  
You give me everything  
You give me everything  
Everything that I could ever need

You give me everything  
You give me everything  
Everything that I could ever need  
You give me everything  
You give me everything  
Everything that I could ever need
