

Just Be A Woman

Lenny Kravitz

You ask me
How should I be to you ?
You ask me
To tell you what to do

You ask me
How can I make it through ?
You want me
But don't know what to do

And I just want you to
Be true

Just be a woman
Just be a woman

You ask me
How can I make you smile ?
You ask me
How can I make it right ?

But darling
Just take a look inside
The answers are within your own mind
And I just want you to be you

Just be a woman
That's all you got to do
Just be a woman

Just be a woman
Do what you got to do
Just be a woman
That's all you got to do
Just be a woman
That's all I got to say
Just be a woman
