

You Don't Know

Leon Bridges

You don't know the things that you do to me
Time moves slower when I'm in your galaxy
Stop thinkin' it over you might change your mind
Pull you little closer one step at a time
Hangin' on your words I don't care if they're lies
You don't know that you got me feeling like

Oh baby ah baby oh baby
Ohh ya got me feeling like
Oh baby ah baby oh baby
Ohh ya got me feeling like

You don't know but it's right in front of me
You ain't got to play it cool baby
Find that fire set it free
Stop thinkin' it over you might change your mind
Pull you little closer one step at a time
Hangin' on your words I don't care if they're lies
You don't know that you got me feeling like

Oh baby ah baby oh baby
Ohh ya got me feeling like
Oh baby ah baby oh baby
Ohh ya got me feeling like

Anytime any place, anywhere (you and me alright)
Anytime any place, anywhere (you and me alright)
Anytime any place, anywhere (you and me alright)
Anytime any place, anywhere (you and me alright)

You don't know that you got me feeling like

Oh baby ah baby oh baby
Ohh ya got me feeling like
Oh baby ah baby oh baby
Ohh ya got me feeling like
