

I Can't Make It Without You

Lesley Gore

All day long I feel Llke cryin'
Don't know what I'm livin' for
Livin' just in satisfying
You don't love me anymore

Yesterday, a smile was easy
Now I'm with you the whole day through
You're no longer here to please me
You're in love with someone new
And what can I do?

I can't make it without you baby
I can't make it without your precious love
I can't make it without you baby
Oh no, no, no, no
No, no, no

All the things that brought me pleasure

Bring me down and leave me cold
Now there's nothing that I treasure
I don't have your love to hold

What is there to hope and dream for?
If cannot hope you care
Where's the beauty in a sunset
If I look and you're not there
It's just isn't fair

I can't make it without you baby
I can't make it without your precious love
I can't make it without you baby
Oh no, no, no, no
No, no, no
