

The Bubble Broke

Lesley Gore

All alone sittin' in my room because the bubble broke
You pushed to far, blew up a red balloon until the bubble broke

When you inflated me with lies and alibies
I couldn't take it turned my back and closed my eyes
I cannot lose what I never had
The bubble broke and I'm glad

You and I added up to zero what a great big joke
Make believe the world of disillusion when the bubble broke

I couldn't see you through that rosy cellophane
See you, 'till I saw your cheatin' game
I cannot lose what I never had

The bubble broke and I'm glad

Baby, baby no hope
Baby baby no soap
You can not be trusted with my love
The bubble busted, yeah

I couldn't see you through that rosy cellophane
I couldn't see you, 'till I saw your cheatin' game
I cannot lose what I never had
The bubble broke and I'm glad

The bubble, the bubble, the bubble broke
The bubble, the bubble, the bubble broke
The bubble, the bubble, the bubble broke
The bubble, the bubble, the bubble broke
