

Words We Don't Say

Lesley Gore

You think it'll rain
I'm gonna be late
Look at the time fly
Wish I could stay

Words we don't say
Words we don't say
Trying to hide night after night
Drifting away

Something to keep
Between you and me
Look at the bright side
Wish I could stay

Words we don't say
Words we don't say
Trying to hide night after night
Drifting away on words we don't say
