

# Celebrate

Lethal Bizzle

(Yo) Every-every day's a celebration  
(Hm) We celebrating  
Say, and we don't need any occasion  
Nigga, to celebrate  
We celebrate  
Celebrate, celebrate, celebrate  
We celebrate  
Celebrate, celebrate, celebrate  
I tell them

Anywhere I go, gang rolling  
Muttley got the loud pack, I'm zoning  
Gal are looking like come and get some  
Mandem are preeing like which one?  
Big big batty on the left  
Cute ting, tattoo on her chest  
The weave it ting, contress  
Lickle joke, I don't want no stress  
I'm just tryna get folded  
Tryna get the Henny dick fully loaded  
Coco's gonna get it in the worst way  
Marathon pokes like it's your birthday

Negative energy, I don't wanna know  
Killing my vibe, exit, you've gotta go  
Every day's a movie, every day's a show  
I work hard so tonight I'm spending my dough

Celebrate, celebrate, celebrate  
We celebrate  
Celebrate, celebrate, celebrate  
I tell them

I know that I'm blessed  
I kiss my girl good morning, now I'm laying on her breast  
Every day's a challenge but I'm ready for the test  
Plan ahead, stay ahead, pree what's coming next  
Itching for a turn up so I turn up in the car  
Tinted windows so they cannot see who we are  
Got the music thumping, you can hear it kinda far  
I don't drink and drive but the car is like a bar  
Do not interrupt the flex  
Checking on my playlist, see what tune is playing next  
Wiffy in the car, maybe you can get a text  
The whip is posh, got me feeling like I'm Becks

Negative energy, I don't wanna know  
Killing my vibe, exit, you've gotta go  
Every day's a movie, every day's a show  
I work hard so tonight I'm spending my dough
