

Because Of You

Letters to Cleo

I can stand here and do this again
I can say it again but where to begin
I know that I'm caving in because i'm heavy
I'm heavy

So the wonder of you is done
I'm tired and bloody and good to be gone
I know that you did me wrong cause I'm ready
I'm ready

As for the part about having something more
Let's not pretend like it was before
I wish i could say it's not because of you
But it's because of you

I've a dark and snowy resemblance of this
But remind me again of what I'm gonna miss
When all you do is let me down
You better tell me something

And tell it to me now
As for the part about having something more
Let's not pretend it's like before
I wish I could say it's not because of you

But it's because of you
And are you sorry
As for the part about having something more
Let's not pretend like it was before

I wish i could say it's not because of you
But it's all because of you
And it's all because of you
And the light went black

And I got scared
