## **Letters to Cleo**

You boy ain't nothing but trouble The kind I ain't seen in awhile And I gotta get me out of here Don't go go and ask crazy questions Like I maybe don't know what I'm doin' And I gotta get me out of here The farthest thought and I simply thought things were right fro m now on here Just got here and I'm leavin' Smile and think of it but don't leave em dead or mix me up in i t 'Cause I'm gone and you can't make me stay It would appear I've been here lots and lots of times before (so please don't laugh) And I wait out in the hallway

Now diggin' back its a big mistake And one I've made before And I would like to be out

Out in the hallway You boy ain't nothing but trouble The kind I ain't seen in awhile And I gotta get me out of here

[Repeat: x6] Get me out of

Get me out of here
