

## Demon Rock

Letters to Cleo

What say you demon  
Say you demon rock of what  
I'm the rock of Gibraltar  
Say you demon so say what

If you think of it then you should know  
If I'm getting kind of low  
If you think of it then you should know  
If I'm getting kind of low

You made the sun shine  
Then you take my air to breathe  
And I let you back again  
Tell me what does that make me

If you think of it then you should know  
If I'm getting kind of low  
If you think of it then you should know  
If I'm getting kind of low

If it was me you wanted  
Why don't you just say so
