

DAY AFTER THE RAIN

Leven Kali

Yeah yeah
You try to keep quiet
Those eyes are sayin something
Day dreaming bout the city and the climate
Your mind is made up
You've been over getting all the attention
Girl you grown and glowing on to the next one
Take time and you'll see
That its not what you think

Cause the sun is always brighter in LA
The day after the rain
Oh the sun is always brighter in LA
The day after the rain

These hills been on fire
Last night was too much
You've been drinking even tho you don't like it
Stop tryna play tough
Now you're over getting all the attention
Cause you know that all they want is the next one
Take time and you'll see that its not what you think

Cause the sun is always brighter in LA
The day after the rain
Oh the sun is always brighter in LA
The day after the rain

Cause the sun is always brighter in LA
The day after the rain
Yeah
Cause the sun is always brighter in LA
The day after the rain Oh oh
