

Yeah yeah  
She works all day on her pension  
9 to 5 just way too long  
Moving in the right direction  
But she always seem so far  
She thought by now she would be fancy  
Double cc's on her waist  
But the promises were empty and the compliments feel fake

Oh its hard to get enough  
She tries he tries we try to get by get by get by

He's so tired from the night shift  
But he needs the overtime  
Eyes are closed cooking breakfast  
Right back out the door in 5  
He thought by now he'd be racked up  
Racked up racked up  
LouisV and greener pastures,  
Doesn't even really matter  
Cause its hard to get enough  
She tries he tries we try to get by get by get by

I know its hard to get enough  
She tries he tries we try to get by get by get by

Golden and shiny thangs  
Don't make a brighter day  
Onto a higher place  
I know we'll find a way

Oceans and tidal waves  
Hoping the tides will change  
Onto a higher place  
I know we'll find a way

I know, the open road could seem  
So cold  
Zero degrees  
At most  
But u could get warm for free  
I know

I know, it'll get hard to breathe  
I know, money ain't worth the trees  
I know, I know, I know...

I know it's hard to get enough but  
She tries he tries we try to get by get by get by  
I know it's hard to get enough but  
She tries he tries we try to get by get by get by
