

# Hold Me While You Wait

Lewis Capaldi

I'm waiting up, saving all my precious time  
Losing light, I'm missing my same old us  
Before we learned our truth too late  
Resigned to fate, fading away

So tell me, can you turn around?  
I need someone to tear me down  
Oh, tell me, can you turn around?  
But either way

Hold me while you wait  
I wish that I was good enough (Hold me while you wait)  
If only I could wake you up (Hold me while you wait)  
My love, my love, my love, my love  
Won't you stay a while? (Hold me while you wait)

Tell me more, tell me something I don't know  
Could we come close to having it all?  
If you're gonna waste my time  
Let's waste it right

And hold me while you wait  
I wish that I was good enough (Hold me while you wait)  
If only I could wake you up (Hold me while you wait)  
My love, my love, my love, my love  
Won't you stay a while? (Hold me while you wait)  
I wish you cared a little more (Hold me while you wait)  
I wish you'd told me this before (Hold me while you wait)  
My love, my love, my love, my love  
Won't you stay a while? (Hold me while you wait)

This is you, this is me, this is all we need  
Is it true? My faith is shaken, but I still believe  
This is you, this is me, this is all we need  
So won't you stay a while?

And hold me while you wait  
I wish that I was good enough (Hold me while you wait)  
If only I could wake you up (Hold me while you wait)  
My love, my love, my love, my love  
Won't you stay a while? (Hold me while you wait)  
I wish you cared a little more (Hold me while you wait)  
I wish you'd told me this before (Hold me while you wait)  
My love, my love, my love, my love  
Won't you stay a while? (Hold me while you wait)

Stay a while (Hold me while you wait)  
Stay a while (Hold me while you wait)  
My love, my love, my love  
Won't you stay a while?
