

Doin' It

Liberty X

Hey you
What you tryin' to do?
Saw you lookin' over and before I knew
You were movin' that body
And there was nothing more to resist
No

And this is so close
Close enough to taste
But out of reach just enough
To keep my appetite in place
You must have got me hooked
Cos I never ever felt like this
No, no, no

What you say that we lose control
And let our inhibitions go
Tease the moment
We both know it
Feels so right

It's the way that you move
It's the way that you taste
It's the way that you know how to turn up the heat
You're doin' it
(You're doin' it)
Oh I'm thirsting for you
Every night, Every day
Got a hunger inside and it won't go away
You're doin' it
(You're doin' it, Yeah)

Oh my
I just can't deny
My imagination's running overtime
Something about you has got a hold on me
Yeah

Let's play, no more guessing games
This is it
Let's admit that we're drawn to the flame
Let's get it on tonight
We'll take it all the way
Ooh

What you say that we lose control
And let our inhibitions go
Tease the moment
We both know it
Feels so right

It's the way that you move
It's the way that you taste
It's the way that you know how to turn up the heat
You're doin' it
(You're doin' it)
Oh I'm thirsting for you

Every night, Every day
Got a hunger inside and it won't go away
You're doin' it
(You're doin' it, Yeah)

(Oh yeah)

Doin' it, Doin' it, Doin' it
Don't you know you're doin' it
Doin' it, Doin' it
Don't you know you're doin' it
Doin' it, Doin' it
Don't you know you're doin' it
You're

It's the way that you feel
(Every day)
The way that you touch me
(Won't go away)
You're
(Baby it's alright)

What you say that we lose control
And let our inhibitions go
Tease the moment
We both know it
Feels so right

Doin', Doin' it
You're
Doin' it
Doin', Doin' It
You're
Doin' it
Doin', Doin' It

It's the way that you move
It's the way that you taste
It's the way that you know how to turn up the heat
You're doin' it
(You're doin' it)
Oh I'm thirsting for you
Every night, Every day
Got a hunger inside and it won't go away
You're doin' it
(You're doin' it, Yeah)
