

So Long Baby

Lightnin' Hopkins

So long, baby, baby, so long
Oh, God, I would tell you on a telephone
So long, baby, baby, so long
Now, goodbye

I don't want to worry you
Neither hurt you too
Out of all the work that you do

So long there, baby
So long, baby, so long

Don't mistreat me
Call whenever your alone
Everyday I'm gonna call you on your telephone
So long now baby, baby, so long
Now, goodbye
