

# The Bitterness

Like A Storm

Help me find a way to resist  
The bitterness, the bitterness  
Help me find a way to exist  
Without the bitterness, the bitterness

I've got a sickness that eats me inside  
Lost in the shadows in the back of my mind  
I never see it from the brighter side  
The glass is empty and the tap's run dry  
I've been living my life as a lie  
'Cause all they wanna hear is "I'm alright"  
How can you live when you've already died?  
Show me a sign I can make it right

Help me find a way to resist  
The bitterness, the bitterness  
Help me find a way to exist  
Without the bitterness, the bitterness

No one can save me  
If I can't stop the black I bleed  
Help me find a way to resist  
The bitterness, the bitterness

The bitterness is a kiss of death  
One day I'll wake up with nothing left  
I need to rip this tumor out of my head  
Show me a sign this is not the end

Help me find a way to resist  
The bitterness, the bitterness  
Help me find a way to exist  
Without the bitterness, the bitterness

No one can save me  
If I can't stop the black I bleed  
Help me find a way to resist  
The bitterness, the bitterness

I still feel like the world is against me  
(The world is against me)  
And I can't find where I belong  
(Can't find where I belong)  
I just need someone out there to fix me  
'Cause I know there's no way back  
But in the end I can't go on

Help me find a way to resist  
The bitterness, the bitterness  
Help me find a way to exist  
Without the bitterness, the bitterness  
No one can save me  
If I can't stop the black I bleed  
Help me find a way to resist

The bitterness
