Lil Durk

I've been catchin' all this violence lately  
I've been catchin' all the sneak diss  
I've been sippin' on this act lately  
Drinkin' so much that I pee different  
Lately (Put a percocet in a Piña colada)  
Lately (I'm in the trap i8 pickin' up the fam)  
Lately (I love my niggas like blood but yeah we brothers)  
Lately (And I could never put one above 'em)

Bein' fake the new real, that's why the world polluted  
I did shit for every nigga and sensed them losin'  
They set me up for fraud how much how much I Westerned Unioned?  
I told my jeweler that we good when I copped the cuban  
I know some bitches from the city yeah I talk about 'em  
I lost some niggas back to back now and they safe around me  
And this shit gotta be real 'cause I don't pay for families  
I'm from the jungle where them killas go ape about me  
How they blame me 'cause I'm trillin', nothin' fake about me  
How they blame me 'cause I'm off the pills and I wrecked the Audi  
In the field all day ask Rex about me  
Post've been my brother nigga why you textin' 'bout me?

I've been catchin' all this violence lately  
I've been catchin' all the sneak diss

And I see vile in yo' ass  
Bitch you gon' die for the cash  
'Cause my name on it you wanna smash  
In the streets I'm forever blessed  
In the streets I'm forever stamped  
Diamonds on me they water water  
Rob me 'cause a ambulance  
Headshot call the ambulance  
Balmain we ain't sharing pants  
Tell the industry to let us in  
Tell the traphouse to let us in  
Woulda trained for 100 bands  
Robbed the bank with 100 brothers  
In the B around 100 friends  
Choppa make 'em do the running man  
Give me a cup I'm a overpour  
Bitch I'm 300 forever glory  
Couple killas they forever scorin'  
I was trappin' off of Android  
Gang gang what I stand for  
Real niggas what I stand for  
Baby momma she a fan boy  
Keep it real like a landlord
