She like to play her songs to the way I'm hittin' it  
Turn around like, "Damn Durk I like the way you hittin' it"  
Don't believe the rumors, girl  
You know I'll do you, girl  
I don't wanna hear the shit about the niggas  
That tried to do you, girl  
Fuck the past right now  
Shawty got you right now  
And you hot right now  
You can get it right now, baby

I let him get it when he want it, knock it down and push up on it  
I was plottin' for a while, now I got him where I want him  
They didn't understand none of this was planned  
99 problems but a bitch better not be none  
Na na, na na, yeah yeah  
This ain't what he want, I told him that  
Leave your girl, be through with that  
Get with DeJ, he ain't ever goin' back  
He was yours when I seen him, now he smile  
Heard a few rumors but they ain't my style  
I be hatin' when he out of town  
Hotel, I FaceTime you, no towel  
They ain't get it but they ain't our problem  
What the fuck can they do about it?  
Durk and DeJ  
I'm thinkin' 'bout changin' my last name

You and I  
White dress, flowers, and a suit and tie  
Me and you like Bonnie and Clyde  
No beat the case, we're do or die  
Who am I to say you ain't natural?  
Your haters my haters, ain't switchin' up, baby, I got you  
I'm with her like a tattoo  
The way you wear that dress, they gon' attack you  
The way you look at me, baby I got you  
I hit it from the front, I like the back too  
She say, "Lay down so I can ride you"  
I know that she feinding  
She scratchin' my back, I like how she screamin'  
I fuck her and leave her, she feinding
