

## pick me up

Lil Peep

Pick me up, pick me up and drive around  
Pick me up, pick me up and leave this town  
Pistol on my side when she's not around  
Bitch I, bitch I wanna die when you throw it down

Pick me up, Pick me up and drive around  
Pick me up, Pick me up, We'll leave this town  
Pistol on my side when she's not around  
Bitch I, Bitch I wanna die when you throw it down  
She said she ain't never coming back  
She ain't never coming back  
I ain't never coming back bitch  
Now they wanna put me on a track  
Can't put me on a track  
Can I put u on my tracklist?  
I'd rather watch you bleed to death  
Than..  
See you leave just like the rest..  
Damn..

Lately, I've been dying lately  
I've been dying lately  
I've been dying lately, lately, lately  
I've been dying lately  
I've been dying lately  
I've been dying lately, lately, lately  
I've been dying lately  
Gettin high lately  
Gettin high lately  
Lately, Baby  
baby  
Always tryna blame me  
You ain't tryna save me  
Save me, Lately  
Gettin high, tasty  
Now i'm on that same shit  
I've been dying lately  
Lately, Baby

Pick me up, Pick me up and drive around  
Pick me up, Pick me up, and leave this town  
Pistol on my side when she's not around  
Bitch I, Bitch i wanna die when you throw it down  
She said she ain't never coming back  
She ain't never coming back  
I ain't never coming back bitch
