

Never Outside

Lil Tjay

You ain't never outside, better stay in school
Young nigga traumatized, brody on the news
Ain't no playin' both sides better pick and choose
And if I ever got ride if we win or lose
You ain't never outside, better stay in school
Young nigga traumatized, brody on the news
Ain't no playin' both sides better pick and choose
And if I ever gon ride if we win or lose

Straight pain I be spittin' from the heart
I do it for my niggas that was wit me from the start
I see you want the light but you don't want me in the dark
I ride for my niggas, I go swimmin' wit the sharks
Real nigga, I could show you how I live
And you can't tell me nothin' I'm a billion dollar kid
And I ain't like them niggas that be runnin out the jeans
He was talking so we slid and karma is just a bitch
Last nigga told how he got hit now
I smile when I'm rollin' up a spiff
I ain't got no time for no bullshit
A nigga run up on a me catch a full clip
I ain't ducking a thang, started wit the gang, we gon put in pain
Say my name, brody got that hang, he gon let it bang
Take yo chain, cuz we come thru stainin' everyday
You can't hang if you not gang, stay up in yo lane

You ain't never outside, better stay in school
Young nigga traumatized, brody on the news
Ain't no playin' both sides better pick and choose
And if I ever got ride if we win or lose
You ain't never outside, better stay in school
Young nigga traumatized, brody on the news
Ain't no playin' both sides better pick and choose
And if I ever gon ride if we win or lose

Clockwork
Early morning I was on the block first
In and outta jail all the time, it ain't not worth it
Pockets turnin' always had a nigga mad
These niggas hatin' cuz I went and got a legal bag
Still frontin' what the fuck I would have gave you that
You said I asked you to make a flip so you can pay me back
Chump change whole lot you can pay me back
Fake love finna turn me to a maniac
You see what they do, I ain't bout that, have a rain attack
Thinkin' bout a wap, imagine all the shit that I forgot
And this for every nigga that ain't think that I will pop
I told my nigga Smelly that I'll make it to the top
I remember sittin' on the block
Posted wit a chop
Right there waitin' for a opp
I heard them nigga sayin' they gon slop
Boy I ain't finna hop
That choppas finna put him in the sky

You ain't never outside, better stay in school
Young nigga traumatized, brody on the news

Ain't no playin' both sides better pick and choose
And if I ever got ride if we win or lose
You ain't never outside, better stay in school
Young nigga traumatized, brody on the news
Ain't no playin' both sides better pick and choose
And if I ever gon ride if we win or lose

Lil Tjay
And if I ever gon ride
And if I ever gon ride
And if I ever gon ride
