

## Full Metal Jacket

Lion's Share

Died for the flag and the master  
Cried for the road to disaster

For real, bad deal  
Only death in their eyes  
They found the graves  
At the fields of Vietnam

For life we're breaking you down  
Bloodbath on the ground  
It's their turn to die  
Full metal jacket

Fight for the Star Spangled Banner  
Survivor, but what is to live for?

Dark dreams at night  
Walk the earth like a cursed  
Take stand, don't hide  
Face the shadows tonight

For life we're breaking you down  
Bloodbath on the ground  
It's their turn to die  
Full metal jacket
