I just want to tell you all the things you are And all the things you mean to me You've been with me forever Through the changes in my life Through all the tears and laughter

When I find myself believing there's no place to go When I feel the loneliness inside my heart

You're the answer to my prayers
And you're with me everywhere
You're my angel, miracle, you're all I need tonight
Give me shelter from the rain
You breathe life in me again
You're my angel, miracle, you're all I need to know, tonight

Life is just a moment
We're blowing in the wind
We're trying to find a friend
And only time can tell us
If win or if we lose
And who will stand beside us

When there's darkness all around me You're the light I see When I need someone to ease my troubled mind

You're the answer to my prayers
And you're with me everywhere
You're my angel, miracle, you're all I need tonight
Give me shelter from the rain
You breathe life in me again
You're my angel, miracle, you're all I need to know, tonight

You're all I need tonight
All I need tonight
All I need tonight
You're my angel

You're the answer to my prayers
And you're with me everywhere
You're my angel, miracle, you're all I need tonight
Give me shelter from the rain
You breathe life in me again
You're my angel, my miracle, you're all I need to know, tonight
